Finding Hope in Christ, Community and Creation Goshen College Parables

WORSHIP

Our worship this morning is being led by Parables, an ensemble from Goshen College that combines music, original drama and personal stories to create an experience designed to inspire, comfort, and challenge us as disciples. The group's theme for the year is "Finding Hope in Christ, Community & Creation." From the college's Web site:

In what seems to be a more and more chaotic world in which we live it is sometimes hard to find hope. This year Parables explores Biblical stories and scripture that help us find this hope in Christ, community and creation. One of the songs we sing this year is entitled *I Dreamed of Rain*. Rains come amidst both trials and blessings. They both soak and drench, yet refresh and renew. Rains bring hope, and hope brings us closer to creation, closer to community, and closer to God. As Christians, may we hold on to that hope, to that dream, with the blessed assurance that, yes, indeed, these rains will come. Parables explores these themes through scripture, drama and personal stories, augmented by songs that cover a range of styles from classical to world music and gospel. Their words and their witness will inspire you.

WELCOME

We welcome the group and other visitors who are with us today. Please join us in worshipping the God who gives us hope and who rains down love upon us.

Fanning the Flames visual

As part of our recently completed Fanning the Flames worship series, we “grew a flame visual” at the center of the sanctuary. Each Sunday, a different colored piece of flame was made available to everyone present to write a response to a question relating to spiritual giftedness. New pieces of flame were added to the visual each week. What you see today is the “fanned flame” representing the gathered community’s commitment to finding and using our own spiritual gifts and helping others to find theirs.

Living Stream Worship: Both services are live streamed at www.waterfordchurch.org
